ABOUT US

Al Rish Al Khaleeji Trading Co. is a leading provider of top-quality advertising and signage materials, dedicated to transforming creative visions into tangible marketing solutions. Established with a commitment to excellence, we have been serving clients across diverse industries with a comprehensive range of materials that enhance brand visibility and communication.

Mission:

Our mission at Al Rish Al Khaleeji Trading Co. is to empower businesses with the most innovative and effective advertising and signage materials. We strive to be the preferred partner for our clients, providing them with exceptional products that elevate their brand presence and messaging.

Product Range:

Signage Materials: We offer a wide array of materials for signage, including premium quality signboards, banners, and digital signage solutions.

Promotional Displays: Elevate your promotional efforts with our range of display materials, from eye-catching stands to vibrant posters.

Print Media: Explore our selection of high-quality print media, perfect for creating stunning marketing collateral such as brochures, flyers, and business cards.

LED Signage: Stay ahead in the digital age with our cutting-edge LED signage options, designed to grab attention and leave a lasting impression.

Quality Assurance:

At Al Rish Al Khaleeji Trading Co., quality is paramount. We source materials from trusted suppliers and employ stringent quality control measures to ensure that our clients receive products that meet the highest standards. Our commitment to quality extends to every stage of the production process.

Customer-Centric Approach:

Understanding the unique needs of our clients is at the core of our business. Our team of dedicated professionals works closely with customers, offering personalized solutions that align with their branding objectives and budgetary requirements. We believe in building lasting partnerships based on trust and mutual success.

Environmental Responsibility:

Al Rish Al Khaleeji Trading Co. is committed to sustainability. We actively seek eco-friendly materials and production methods, contributing to a greener and more responsible industry.

ACRYLIC SHEETS

Acrylic sheets is one of the most used and versatile plastic materials in the world today. Acrylic sheet is a strong, light, glass-like plastic with excellent outdoor weather resistance and optical clarity. Acrylic sheet is stronger than glass and half of the weight, acrylic sheet is a safer option for non-cracking. Not only are acrylic sheets a solid and durable option, they are also 100% recyclable. Acrylic sheet offers unmatched versatility and are easy to fabricate, apply glue and bend without need any specialized tools.

PRODUCT FEATURES

- Outstanding outdoor weatherability and UV resistance
- Exceptionally long lifespan
- Optically clear - high light transmission
- Good acoustic properties
- Excellent surface hardness and durability
- Lightweight - less than half the weight of an equivalent piece of glass
- 17 times stronger than glass
- Eco friendly

APPLICATION

- Point of Purchase
- Retail
- Exhibition Displays
- Shop Fitting
- Shelving
- Framing
- Model Making

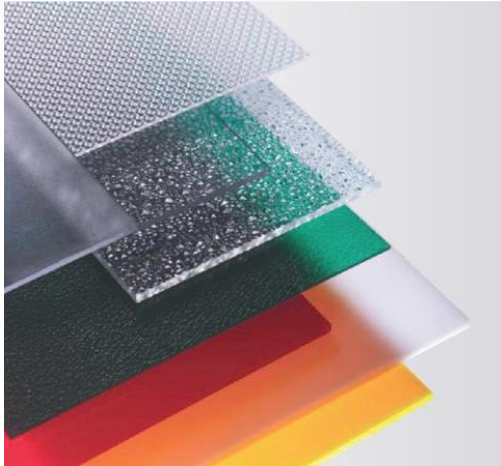

PRODUCT RANGE

Size -(1.22*2.44),(1.22*1.83),(2.05*3.05)mtr

Thick- 1mm to 50mm

Colors- Clear, Opal, Opaque, Black Frosted, and Other Colors.

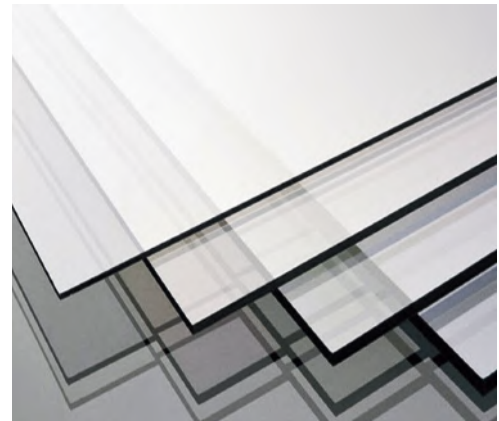

POLYCARBONATE SHEETS

Polycarbonate Sheets are co-extruded using high-density ultraviolet rays to offer superior resistance to surface degrading and color. They provide a range of characteristics, including high transparency as well as high impact and fracture resistance and high heat resistance. Aside from having excellent dimensional stability, they are also highly electrically insulated. Additionally, they are recyclable and possess excellent processing capabilities.

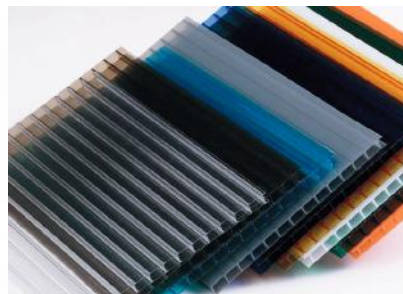

PRODUCT FEATURES

- Polycarbonate Sheets Are Weather Resistance
- Durable
- Running Long Life
- Uniform Quality
- Light Weight
- Sound Insulation
- In Growing Of Fire/flame Spread.
- Helps In Reducing Inside Temperature
- Chemical Resistance
- Easy To Install And Clean

TYPES OF PC SHEET

- Embossed Sheet
- Solid Sheet
- Hollow Profile Sheets
- Diamond Sheet

PRODUCT RANGE

PC Embossed/Crystal Sheets
Size: 2000*3000mm,
2500*6000mm
Thick: 1.6-12mm
Color: Clear, Brown, Orange, etc.

PC Solid Sheets:
Size: 1220*2440, 2000*3000,
2500*3000mm
Thick: 1-12mm
Color: Clear, White, etc..

Hollow Profile Sheet
Size: 2100*12000, 2500*12000mm
Thickness: 4-25mm
Color: Clear, Bronze, Opal, Blue,
Green, Grey, Ice, etc

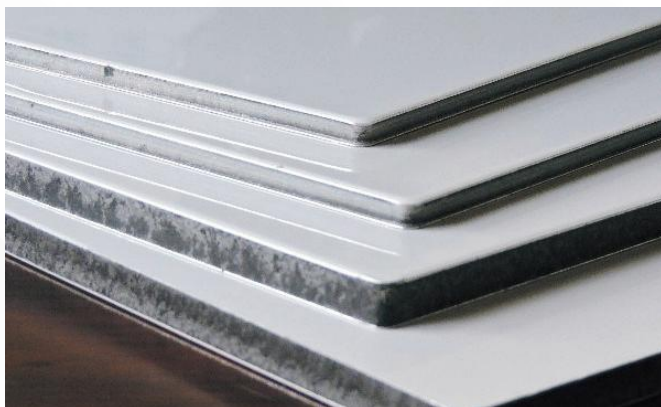

ALUMINIUM COMPOSITE PANAL

Aluminum Composite Panel is one of the most popular building materials today. It is lightweight, weather-resistant, fire-proof, and more durable than many other materials. Its versatility makes aluminum composite panels an ideal choice for any part of your home or business, whether you intend to decorate, insulate, clad outside or use it for safety purposes inside.

ADVANTAGE OF ACP SHEETS

- Excellent impact resistance.
- Excellent weather resistance.
- Excellent torsion strength.
- Easy processing and installation.
- Easy to maintain.
- Even coating and various colors.

PRODUCT FEATURES

Sizes: 1.22 X 2.44, 1.22 X 3.20, 1.25 x 3.20, 1.50 x 3.20 Meter

Thickness: 3mm, 4mm & 6mm

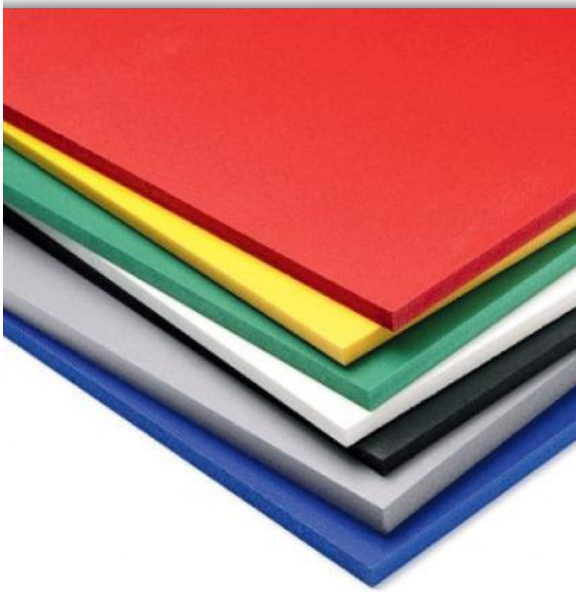

Colour : Black, White, Grey, Red, Blue, Yellow and more (Finish Matt & Glossy)

Kitchen ACP

Sizes: 1.30 X 2.80 Meter

Thickness: 2mm & 2.5mm

PVC FOAM SHEETS

PVC foam sheet is a lightweight and durable material made from polyvinyl chloride. It is a type of plastic sheet that is widely used in various industries for its versatility and cost-effectiveness. Here are some benefits and applications of PVC foam sheets.

APPLICATION

- Advertising Signs
- Displays
- Exhibition Stands
- Interior Design
- Point of Sale
- Panels & Cabins
- Embossing & Engraving

MAIN FEATURES

- Easy to fabricate
- Light weight
- Outstanding printability
- Fine cell structure
- Low flammability
- Non wrapping
- High impact strength

PRODUCT RANGE

Available in various colors like White, Yellow, Black, Red, Blue, Green, etc.

Thickness: 1mm to 25mm

Size: 1220*2440mm, 1560*3050mm, 2050*3050mm

PRINT MEDIA

FRONT LIT BANNER

Front-lit banner, also known as PVC banner, is a type of outdoor signage that is commonly used for advertising and promotional purposes.

Benefits Durable Front-lit banners are made of durable PVC material, making them resistant to weather conditions and wear and tear.

Specification :

Weight : 440 & 510 GSM
Width : 1.07 ~ 5.00 mtr.
Length : 50 mtr.

Type:

White/White
White/Black

BACKLIT FLEX

Illuminate your visuals with our Backlit Film, a high-quality and versatile material designed to enhance your graphics, advertisements, and promotional displays. Whether you're creating eye-catching signage, dynamic posters, or vibrant lightbox graphics.

Specification :

Specification :

- Glossy & Matt
- Width :
0.914,1.07,1.27,1.37
&1.52 Mtr.
- Length : 50 mtr.

Wide Range of Applications

- Posters and Signage
- Educational Materials
- Certificates and Diplomas
- Menus and Price Lists
- Marketing Collateral

ONE WAY VISION

Experience the perfect blend of privacy and visibility with our One-Way Vision Film. This innovative film allows you to enjoy unobstructed views from one side while providing an effective privacy shield from the other. Ideal for a range of applications.

Specification :

Size:

Width : 0.914,1.07,1.27
1.37 & 1.52 mtr.
Length : 50 mtr

Versatile Applications:

- Retail Storefronts
- Office Partitions
- Vehicle Windows
- Residential Windows
- Exhibition Booths
- Restaurants and Cafes

REFLECTIVES

Reflective refers to a type of material that is designed to reflect light. These sheets are often used for various purposes, primarily to enhance visibility in low-light conditions or to make objects more visible at night.

Specification :

Width: 1.24 mtr.

Length: 45.7 mtr.

Color: White, Yellow, Red, Green, Blue, Orange

PRINT MEDIA

PLOTTING STICKER

Plotting stickers, also known as vinyl cut stickers, are a type of adhesive sticker that is cut from vinyl material using a plotter or cutter.

Applications : Plotting stickers can be used to promote business branding by displaying logos, slogans, or product information.

Specification :

Width: 1.22 mtr.

Length: 50 mtr.

Color: White, Yellow, Black, Red, Green, Blue etc.

Finish : Matt & Glossy

SELF ADHESIVE VINYL

Self-adhesive vinyl, also known as pressure-sensitive vinyl or PSA vinyl, is a type of vinyl material that has a self-adhesive backing that allows it to stick to a variety of surfaces.

Applications : commonly used for advertising and promotion, such as wall graphics, windows etc.

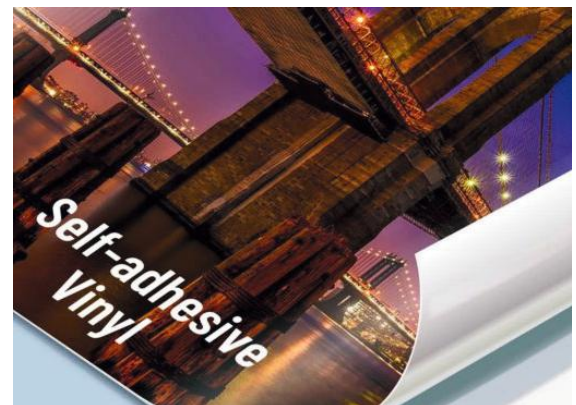

Specification :

Width: 0.914, 1.07, 1.27, 1.37 & 1.52 mtr.

Length: 50 mtr.

Type: White Back, Grey Back & Transparent

Finish : Matt & Glossy

ROLL UP MEDIA

Roll-up media banners, also known as retractable banners or pull-up banners, are portable and easy-to-use display solutions commonly used for advertising, promotional events, trade shows, conferences, and presentations.

Specification :

Type : White Back & Gray Back

Width: 0.914 & 1.27 mtr

Length : 50 mtr.

DISPLAY ITEMS

Display products are various types of display solutions that businesses use to showcase their products, services, and promotional messages to potential customers. Here are some common types of advertising display products.

TYPES OF DISPLAY ITEM

Banner Stands: Banner stands are a popular type of display product that features a printed banner mounted on a freestanding frame. They are lightweight and easy to set up, making them a great option for trade shows, events, and retail displays.

Pop-Up Displays: Pop-up displays are larger displays that feature a collapsible frame and a printed fabric graphic. They are typically used for larger events and exhibitions, such as conferences or trade shows.

Table top Displays: Table top displays are smaller displays that are designed to sit on top of a table or countertop. They are ideal for smaller events or as part of a larger display.

Outdoor Displays: Outdoor displays are designed to be used in outdoor settings and are typically made of durable materials that can withstand various weather conditions. They can include things like flag banners, inflatable displays, and sidewalk signs.

Digital Displays: Digital displays are a newer type of advertising display product that includes things like LED screens, digital signage, and interactive displays. They offer a more dynamic and engaging way to showcase products and services and can be easily updated or changed as needed.

Brochure Holders: Brochure holders are a simple yet effective advertising display product that allows businesses to display their brochures, flyers, or other printed materials in a convenient and accessible way.

ACRYLIC BENDING MACHINE

ACRYLIC BENDING MACHINE IS ALSO CALLED PLASTIC PLATE BENDING MACHINE SOFTEN AND BEND THE PLASTIC PLATE BY HEATING

APPLICATION MATERIALS : PASTIC PLATE ACRYLIC PLEXIGLASS, PVC, PC, ABS, PP ETC.

AVAILABLE SIZE : SHEET THICKNESS 1-10MM, BENDING LENGTH < 650MM / < 1250MM.

CNC ROUTER

CNC ROUTER MODEL CR 1325 WITH ACCESSORIES

6KW HSD (MADE IN ITALY) SPINDLE

WORKING SIZE: 1300MM X 2500MM

BRAND - OSCAR, CHINA

CNC LASER MACHINE

OSCAR CO2 CNC LASER MACHINE (150 WATT) WITH ACCESSORIES

MODEL: OCL 1325

WORKING AREA: 1300MM X 2500MM

WITH WIFI CONTROL ALONG WITH USB & USB CABLE

HIGH EFFICIENCY TUBE WITH STABLE LASER PATH, LIFE TIME AROUND 10000 HOURS.

OSCARJET MACHINES

LAMINATION MACHINE

COLD AND WARM LAMINATING AND CUTTING MACHINE

MODEL - OL-1700-D4 PRO

MAX LAMINATION THICKNESS - 28MM/0.9"

MAX LAMINATION WIDTH - 1630MM/64"

PRINTING MACHINE

OSCARJET' ECO SOLVENT PRINTER

MODEL PL-1950

MAX PRINT WIDTH 1850MM

MODEL OS-1600

OSCARJET CUTTING PLOTTER WITH CAMERA FOR CONTOUR CUT

COOL LED TOUCH SCREEN HIGH- END ATMOSPHERE

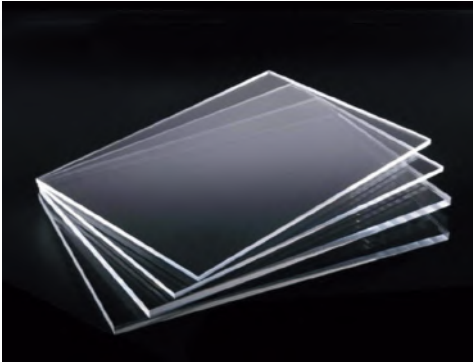

HIGH PRECISION MATERIALS FEEDING SYSTEM

HUGE BLADE FORCE CUTTING SYSTEM

CAMERA POSITIONING SYSTEM

OTHER MATERIALS

PETG SHEET

Discover the ultimate solution for your diverse plastic sheet needs with our Premium PETG Sheet. PETG (polyethylene terephthalate glycol) is a high-performance thermoplastic that combines the best features of both PET and acrylic, making it an ideal choice for a wide range of applications.

Specification :

Thickness: 0.50mm - 2.00mm

Color: Clear, White

Size: 1.22 x 2.44 mtr.

HIPS SHEET

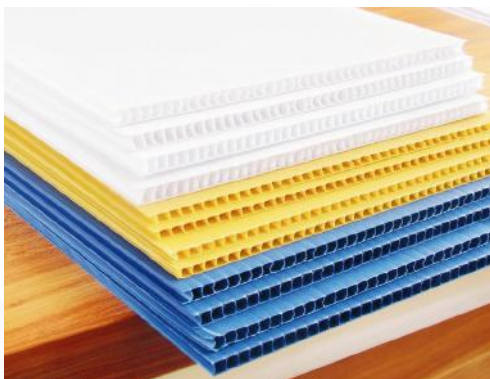

Explore the durability and versatility of our High Impact Polystyrene (HIPS) Sheet, a high-performance thermoplastic renowned for its exceptional impact strength and ease of fabrication. Whether you're in need of cost-effective packaging solutions, attractive displays, or robust prototypes.

Specification :

Thickness: 1~ 6 mm

Color: Red, Green, Blue, Yellow, White, Black

Size: 1.22 x 2.44 mtr.

PP CORRUGATED SHEET

Discover the exceptional strength and versatility of our Polypropylene (PP) Corrugated Sheet, a premium material designed for a wide range of packaging applications. Known for its durability, lightweight construction, and resistance to various environmental conditions, our PP Corrugated Sheets provide a reliable and cost-effective solution for your packaging needs.

Benefits :

- Light Weight
- Water Proof
- Easy Workability
- Durable & Resuable

Specification :

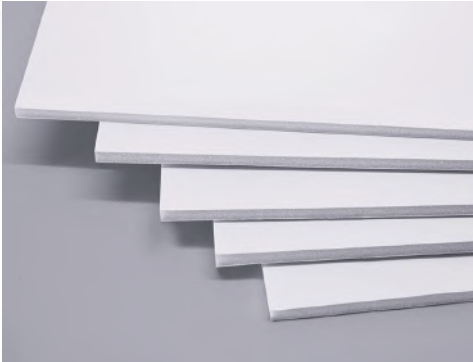

Thickness: 2,3,4 & 5 mm

Size:

Width : 1.00, 1.22 mtr.

Length : 2.00, 2.44 mtr.

OTHER MATERIALS

PAPER FOAM BOARDS

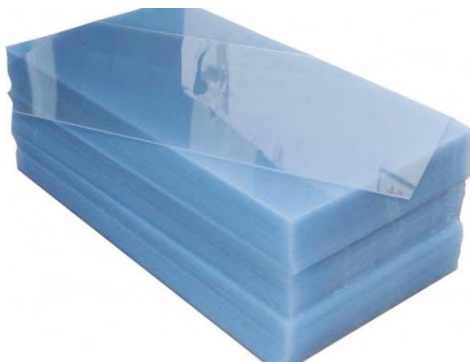

Elevate your creative projects and displays with our innovative Paper Foam Boards. Combining the lightweight properties of foam with the eco-friendly nature of paper, these boards offer a sustainable and versatile solution for various applications.

Specification :

Thickness: 5 mm - 10mm

Color: White & Black

Size: 1.22 x 2.44 , 1.50 x 2.44 mtr.

PVC MICRON SHEETS

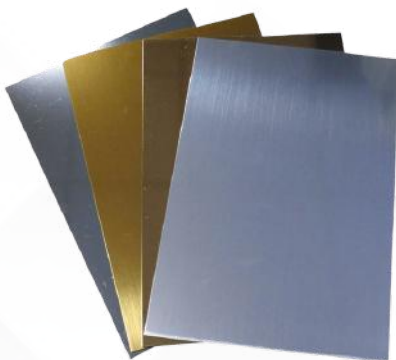

Discover the superior performance and versatility of our PVC Micron Sheets, precision-engineered for a wide range of applications. These sheets combine the durability of PVC with micron-level precision, offering a reliable solution for industries that demand exacting standards in terms .

Specification :

Thickness: 0.3mm, 0.5mm, 0.7mm & 1.00mm

Color: Clear & Transparent

Size: 700 x 1000mm & 1220 x 2440mm

ENGRAVING SHEETS

Elevate your engraving projects with our high-quality Engraving Sheets, meticulously crafted to provide a durable and precise canvas for your artistic or functional designs. Whether you're creating detailed signage, personalized awards, or intricate artwork, our engraving sheets offer the perfect combination of versatility and craftsmanship.

Application:

- Signage and Wayfinding
- Awards and Plaques
- Artistic Engravings
- Industrial Labels and Tags
- Architectural Elements

Specification :

Thickness: 1.5mm

Size: 1200 x 600mm

TAPES AND ADHESIVES

CARPET TAPE

Width : 50 mm
Length : 50 mtr

TRANSFER TAPE

Width : 50 mm
Length : 50 mtr

FOAM TAPE

Width : 9,12,19,25,50 mm
Length : 50 mtr.

DOUBLE SIDE TAPE

Width : 9, 12, 19, 25, 50 mm
Length : 50 mtr

Experience the next level of adhesive technology with our Premium Adhesive Tapes. Designed for versatility and reliability, these tapes offer a superior bonding solution for a wide range of applications. Whether you're working on packaging, crafting, or industrial projects, our adhesive tapes deliver the perfect balance of strength, flexibility, and ease of use.

STRONG ADHESIVE

ACRYLIC INSTANT GLUE

SPECIAL ACRYLIC GLUE

Unleash the power of strong and reliable bonding with our High-Performance Adhesive Glue. Engineered for versatility and durability, this adhesive glue is your go-to solution for a wide range of applications. Whether you're working on industrial use, signages, DIY projects, home repairs, or professional endeavors, our adhesive glue ensures a secure and lasting bond.

D STONA- PVC MARBLE SHEET

PVC marble products are synthetic materials designed to replicate the look and feel of natural marble. They are made from polyvinyl chloride (PVC) resin, combined with various additives and pigments to achieve a realistic marble appearance and They are a popular choice for interior design and architectural projects, offering a durable.

APPLICATION

- Interior Wall Cladding
- Flooring
- Countertops and Vanity Tops
- Furniture and Cabinetry
- Decorative Accents
- Retail and Commercial Spaces

BENEFITS OF DSTONA

- Aesthetic Appeal
- Cost-Effective
- Easy Maintenance

PRODUCT FEATURES

Sizes: 1.22 X 2.44 Meter

Thickness: 3.3 mm & 4mm

Color: wide exquisite range of colors & design.

PVC VINYL FLOORING

Upgrade your space with our high-quality PVC vinyl flooring, a versatile and durable flooring solution designed to enhance the aesthetics of any residential or commercial environment. Crafted with precision and innovation, our PVC vinyl flooring combines style, functionality, and affordability to deliver a flooring option that stands out in both form and function.

APPLICATION

- Residential Spaces
- Commercial Spaces
- Fitness Centers
- Healthcare Facilities
- Renovations
- Public Areas

BENEFITS

- Authentic Look and Feel
- Cost-Effective
- Simple Installation
- Comfort Underfoot

PRODUCT FEATURES

Sizes: 2 X 15 Meter

Thickness: 1.5 mm, 2 mm & 3 mm

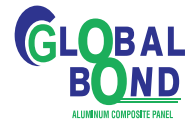

Colour: wide exquisite range of colors & design.
